

# ADVENTURERS NEWSLETTER JANUARY 2012 OCOTILLO WELLS

**Thank you, Jack and Patty Skogman for putting on a great weekend. The Wagon Masters**

**greeted travelers with some marvelous homemade Chicken Noodle Soup. We all stayed warm by the fire and did some catching up. Saturday, family and friends had fun visiting and watching some of the boys practice their "drills". We had our own elite**

**group of Jr. Adventurer Soldiers, getting ready to "protect everyone from the Russians." We felt very safe knowing our boys were out there in the darkness. Happy Hour was**

**delicious as everyone brought out their appetizers and Jack mixed up some Margaritas with John's motorcycle mixer. Everyone was excited to be all together for Dylan's 2nd birthday celebration and enjoyed the cupcakes Ginny whipped up. Dylan made out with lots of gifts; that child it truly loved.**

**The Wagon Masters planned a taco dinner that was to die for. IF you had any room left after all that food, there were Brownie Ice Cream Sundays for dessert. Those of us watching our weight, watched it increase that night, but it was so worth it. Our camp looked like a Sports Bar with all the Big Screen TVs going. It was a weekend of Football, Supercross and Fights. Everyone was able to watch whatever they were interested in. With full bellies and tired bodies we waddled ourselves to the fire to relax. Sunday morning the potluck brought more food.**

**All the cooks brought out their yummy dishes to share. The meeting was called to order by our V.P. Sean, he did a great job of standing in for our President that was unable to be with us. Sheriff Bob was able to fine just about everyone for some kind of violation. Jack held a Lightning Fast Auction which brought in a chunk of change for the club. We met some new friends and of course missed the ones that couldn't join us this time. We had a wonderful weekend, precious time with family and friends, great weather and amazing sunsets.**
